Project Agreement 15 -
28123

Valerie and Hans,

Attached is the revised Project Agreement 15. This version will be routed through MDS today for signatures. If all accept, originals will be sent to you, Fed Ex, for Wednesday delivery.

A revised version of Project Agreement 23, with Master Agreement date corrected, should have been received this morning.

I am currently putting the SCoR continuation study (1564) Project Agreement 24, together and will send for review when completed.

Thanks
Kim
